Objectives

Short term

The Club's main short term objective is to provide a Licensed Social Club that is a family friendly destination that continues to support Local Sporting Clubs and the Local Community while in the short term always being mindful to strive for financial sustainability.

Long term

To strengthen the Club's financial position by retiring debt whilst always striving to improve our Club's services, facilities and amenities for all to enjoy.

Strategy for achieving the objectives

The Club conducts a Strategic Review of its operation annually and undertakes a number of strategic pillars to achieve these objectives such as providing:

- Detailed budgets, cash flows and other forecasts are prepared and used as a management and Board tool.
- Strong Customer Focus by the development of our team.
- To constantly review our business operations to ensure efficiencies.
- Growing our Business.
- Being a good corporate citizen and by supporting the Local Sporting Clubs and Local Community.
- Providing great facilities that are constantly improving to meet and exceed our members' expectations in alignment with sound business plans, ensuring it suits the ever changing market.

Principal activities

The principal activity of the company during the year has continued to be that of a licensed social club.

There have been no significant changes in the nature of these activities during the year.

The St George Masonic Club Ltd

Directors' Report

How these activities assist in achieving the objectives

The principal activities of the Club outlined above are consistent with the Club achieving the objectives with each stated strategy designed to enhance and improve the Club's facility and ensure delivery of quality facilities of a Licensed Social Club.

Performance measurement and key performance indicators

The Club has detailed budgets and cash flows developed for the ensuing year. The performance for the year is scrutinized on an ongoing, monthly basis, using the budget to industry benchmarks from the Club industry. Some of the criteria are as follows:

- Gross profit margins
- Detailed wages to sales analysis
- Detailed profit and loss accounts
- Balance sheet analysis
- Earnings before interest, tax, depreciation and amortisation (EBITDA)
- Cash flow

Non-Financial Performance is assessed by a variety of measures including:

- Membership numbers
- Patron feedback
- Staff involvement and feedback
- Comparison to industry trends and initiatives

	2021	2020
Key Performance Indicators		
Bar		
Gross profit	436,635	717,853
Gross profit percentage	60.9%	62.7%
Wages to sales percentage	46.9%	40.5%
Wages and salaries (including on-costs) - percentage of total revenue	32.1%	31.7%
EBITDA percentage	13.4%	6.4%

Matters subsequent to the end of the reporting period

No matter or circumstance has arisen since 31 March 2021 that has significantly affected, or may significantly affect:

- (a) the company's operations in future years, or
- (b) the results of those operations in future years, or
- (c) the company's state of affairs in future years.

DECLARATION OF INDEPENDENCE BY CLAYTON EVELEIGH TO THE DIRECTORS OF THE ST GEORGE MASONIC CLUB LTD

As lead auditor of The St George Masonic Club Ltd for the year ended 31 March 2021, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- The auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- Any applicable code of professional conduct in relation to the audit.

Clayton Eveleigh
Director

BDO Audit Pty Ltd

Sydney, 8 June 2021

INDEPENDENT AUDITOR'S REPORT

To the members of The St George Masonic Club Ltd

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of The St George Masonic Club Ltd (the Company), which comprises the statement of financial position as at 31 March 2021, the statement of profit or loss and other comprehensive income, the statement of changes in members' funds and the statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of The St George Masonic Club Ltd is in accordance with the *Corporations Act 2001*, including:

- (i) Giving a true and fair view of the Company's financial position as at 31 March 2021 and of its financial performance for the year ended on that date; and
- (ii) Complying with Australian Accounting Standards - Reduced Disclosure Requirements and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to page 14 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the entity's ability to continue as a going concern and therefore the entity may be unable to realise its assets and discharge its liabilities in the normal course of business. Our opinion is not modified in respect of this matter.

Other information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Directors report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at: http://www.auasb.gov.au/auditors_files/ar1.pdf.

This description forms part of our auditor's report.

The St George Masonic Club Ltd

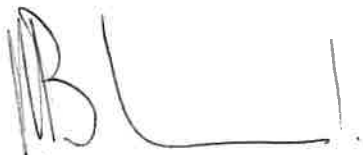

Directors' Declaration

The directors of The St George Masonic Club Ltd declare that:

- (a) In the Directors' opinion the financial statements and notes set out on pages 10 to 31, are in accordance with the *Corporations Act 2001*, including:
 - (i) Giving a true and fair view of the company's financial position as at 31 March 2021 and of its performance for the financial year ended on that date; and
 - (ii) Complying with Australian Accounting Standards - Reduced Disclosure Requirements and *Corporations Regulations 2001*.
- (b) There are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors.

The St George Masonic Club Ltd

Notes to the Financial Statements

For the Year Ended 31 March 2021

About this report

St George Masonic Club Ltd is a company limited by guarantee, incorporated and domiciled in Australia and is a non-profit entity for the purposes of preparing the financial statements. The financial statements are for St George Masonic Club Ltd as a standalone legal entity.

The financial statements were approved for issue by the Directors on 21 May 2021.

The financial statements are general purpose financial statements which:

- Have been prepared in accordance with the requirements of the Corporations Act 2001 and Australia Accounting Standards - Reduced Disclosure Requirements of the Australia Accounting Standards Board;
- Have been prepared under the historical cost convention;
- Are presented in Australian dollars;
- Where necessary comparative information has been restated to conform with changes in presentation in the current year;

New or amended Accounting Standards and Interpretations adopted

The Company has adopted all new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going Concern

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlements of liabilities in the ordinary course of business for a period of at least twelve months from the date of these financial statements were approved.

As at 31 March 2021, the company incurred a net loss of \$206,104 (2020: net loss of \$603,076) and the company was in a net current liability position of \$1,868,963. This was a consequence of a breach covenants attached to the facility for the reporting ending 31 March 2021, as well a maturity date of the finance facilities between December 2021 and March 2022, which has resulted in the balance of the loan facilities, disclosed in note 7, to be reclassified as a current liability. Subsequent to the year end, the company has received correspondence from the bank confirming they will not act on the noted breaches for the year ending 31 March 2021. Negotiations regarding extension of the facilities is currently ongoing.

The Club also notes the unpredictability of the COVID-19 situation and its ongoing impact on the performance of the Company during the year and the uncertainties associated with forecasting cash flows and budgets in the current environment. At the date of this report, and subsequent to year end, there does not appear to be any significant uncertainties with respect to these trading conditions which may impact the club unfavourably.

These events and conditions, namely the maturity of the loan facilities during the forecast period, and the associated potential repayment of these facilities, indicate the existence of a material uncertainty in relation to going concern which may cast significant doubt as to whether the company will continue as a going concern.

However, the directors believe there are reasonable grounds to conclude the company will continue as a going concern on the basis of the following:

- Cash flow budgets indicate sufficient cash flow for the period of 12 months from the date of this report;
- Performance in recent months has been favourable and continues to improve; and
- The ability of the company to renegotiate its facilities with the bank.

The St George Masonic Club Ltd
Notes to the Financial Statements
For the Year Ended 31 March 2021

Going Concern (continued)

Should the company be unable to continue as a going concern it may be required to realise its assets and discharge its liabilities other than in the normal course of business and at amounts different from those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount of liabilities that might result should the company be unable to continue as a going concern and meet its debts as and when they fall due.

Critical Accounting Judgements, Estimates and Assumptions

In the process of applying the company's accounting policies, management has made a number of judgements and applied estimates of future events. Judgements and estimates that are material to the financial statements include:

Estimation of useful lives of assets	Note 4
Impairment of non-financial assets	Note 5
Long service leave liability	Note 9

	2021 \$	2020 \$

	<hr/>	<hr/>

The St George Masonic Club Ltd

Notes to the Financial Statements

For the Year Ended 31 March 2021

1 Revenue and Other Income (continued)

Recognition and Measurement

Revenues are recognised at fair value of the consideration received or receivable net of the amount of goods and services tax (GST) payable to the taxation authority. Exchanges of goods or services of the same nature and value without any cash consideration are not recognised as revenues.

Sale of Goods

Revenue from the sale of goods comprises revenue earned from the provision of beverage and other goods and is recognised (net of rebates, returns, discounts and other allowances) on the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods.

Rendering of Services

Revenue from rendering services comprises revenue from gaming facilities together with other services to members and other patrons of the club and is recognised when the services are provided.

Interest Revenue

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

Rental Revenue

Rental revenue is recognised on a straight-line basis over the lease term. Lease incentives granted are recognised as part of the rental revenue. Contingent rentals are recognised as income in the period when earned.

Other income

Other income is recognised when it is received or when the right to receive payment is established.

Sale of Property, Plant and Equipment

The gain or loss on disposal of property, plant and equipment is calculated as the difference between the carrying amount of the asset at the time of disposal and the net proceeds on disposal (including incidental costs) and is recognised as other income at the date control of the asset passes to the buyer.

Government Grants

Government grants are recognised as income when it is reasonably certain that the company complies with the conditions attached to them and when the right to receive payment is established. The company has elected to recognise grant income as an offset to the directly attributable expenditure in the financial statements where relevant. A total of \$357,000 of Job Keeper subsidies have been recognised as other income during the year ended 31 March 2021.

The St George Masonic Club Ltd
Notes to the Financial Statements
For the Year Ended 31 March 2021

Credited to the Statement of Profit or Loss	-	(147,513)
	<hr/>	<hr/>
	-	-
	<hr/> <hr/>	<hr/> <hr/>
(c) Tax losses		
Unused tax losses for which no deferred tax has been recognised	870,385	642,410
Potential tax benefit at 27.5%	239,356	176,663

Unused tax losses for which no deferred tax asset has been recognised are subject to final submission of income tax returns for the current financial year.

The benefits will only be obtained if:

- i) the company derives future assessable income of a nature and of an amount sufficient to enable the benefit to be realised,
- ii) the company continues to comply with the conditions for deductibility imposed by law, and
- iii) no changes in tax legislation adversely affect the company in realising the benefit.

Recognition and Measurement

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities settled, based on those tax rates that are enacted or substantively enacted.

The St George Masonic Club Ltd

For the Year Ended 31 March 2021

3 Income Tax (continued)

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The carrying amount of recognised and unrecognised deferred tax assets are reviewed each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Deferred tax assets and liabilities are offset only where there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets against deferred tax liabilities; and they relate to the same taxable authority on either the same taxable entity or different taxable entities which intend to settle the claim simultaneously.

Mutuality Principle

The company calculates its income in accordance with the mutuality principle which excludes from income, any amounts of subscriptions and contributions from members, and payments received from members for particular services provided by the club or association, e.g. poker machines, bar and dining room service in the case of social clubs. The Commissioner of Taxation accepts this method of calculating income as appropriate for recognised clubs and associations.

Amendments to the Income Tax Assessment Act 1997 ensure social clubs continue not to be taxed on receipts from contributions and payments received from members.

Valuation

The independent valuation of the company's land and buildings was carried out as at 5 March 2021 by Andrew Nock Pty Ltd on the basis of open market for existing use and resulted in a valuation of \$8,800,000. As land and buildings are recorded at cost the valuation has not been brought to account. The Directors do not believe that there has been a material movement in the fair value since the valuation date.

Core Properties held by the Club are:

St George Masonic Club Ltd
86 Roberts Avenue
Mortdale NSW 2223

Non-Core Properties held by the Club are:

None

Recognition and Measurement

All property, plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the assets' carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit or loss during the financial period in which they are incurred.

The depreciable amount of all fixed assets, including buildings and capitalised lease assets, but excluding freehold land, is depreciated using the straight line/diminishing value methods to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives, as follows:

	2021	2020
Buildings and improvements	40 years	40 years
Plant and equipment	4-10 years	4-10 years
Poker machines	4 years	4 years
Motor vehicles	4 years	4 years
Leased plant and equipment	3 years	3 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss and other comprehensive income.

Capital works in progress are transferred to property, plant and equipment and depreciated when completed and ready for use.

The St George Masonic Club Ltd
Notes to the Financial Statements
For the Year Ended 31 March 2021

4 Property, Plant and Equipment (continued)

Recognition and Measurement (continued)

Impairment of Assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs to sell and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Right-Of-Use-Assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the consolidated entity expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

Key Estimate and Judgement: Estimation of Useful Lives of Assets

The company determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

The St George Masonic Club Ltd
Notes to the Financial Statements
For the Year Ended 31 March 2021

	2021 \$	2020 \$
5 Intangible Assets		
Poker machine entitlements - at cost	193,291	193,291
	<hr/>	<hr/>
Net carrying amount	193,291	193,291
	<hr/>	<hr/>

Impairment tests for poker machine entitlement

At the end of the reporting period the entity assessed the recoverable amount of poker machine entitlement based on the value in use methodology. The entity uses the daily net income earned (excluding GST) per machine per day and multiplies by the number of poker machine entitlements it has paid for. The value in use recoverable amount for each entitlement is calculated by dividing the total value of the entitlements with the actual number of entitlements. The following rates were used throughout the calculation:

- A discount rate of 3.17% was applied
- expected revenue increases of 5% per year over the next 5 years
- expected expense increases of 2-3% per year over the next 5 years

Poker Machine Entitlements

The poker machine entitlements is an indefinite useful life intangible asset. Poker machine entitlements are not amortised. Instead, poker machine entitlements are tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and are carried at cost less accumulated impairment losses.

Key Estimate and Judgement

Impairment of poker machine entitlements is recognised based on a value in use calculations and is measured at the present value of the estimated future cash inflows available to the company from the use of these licenses. In determining the present value of the cash inflows, growth rate and appropriate discount factors have been considered.

The St George Masonic Club Ltd
Notes to the Financial Statements
For the Year Ended 31 March 2021

7 Financial Liabilities (continued)

Recognition and Measurement

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the profit or loss over the period of borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period. The current commercial bill facility expires in December 2021 and March 2022.

Finance Leases

A lease asset and a lease liability are recorded at their fair value at the inception of the lease or, if lower at the present value of the minimum lease payments.

Lease liabilities are reduced by repayments of principal. The interest components of the lease payments are expensed. Contingent rentals are expensed as incurred.

Security

The security for the commercial bill facility and asset finance line is:

- Registered Mortgage by the St George Masonic Club over the property located at 86 Roberts Avenue, Mortdale;
- General Security Agreement over all present and after-acquired property; and
- Specific Security agreement over all the property described therein.

	2021 \$	2020 \$
8 Lease Liabilities		
Current		
Lease liabilities	24,441	135,086
	_____	_____
Non-Current		
Lease liabilities	66,956	44,613
	_____	_____

Recognition and measurement

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred. Lease liabilities are secured over the rights to the hire purchase assets recognised in the statement of financial position which will revert to the lessor if the company defaults.

The St George Masonic Club Ltd
Notes to the Financial Statements
For the Year Ended 31 March 2021

8 Lease Liabilities (continued)

Recognition and measurement (continued)

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

	2021 \$	2020 \$
9 Employee Benefits		
Aggregate liability for employee benefits including on-costs		
Current	228,329	263,202
Non-current	44,639	36,299
	272,968	299,501
	272,968	299,501

The present values of employee benefits not expected to be settled within 12 months of reporting date have been calculated using the following weighted averages:

Assumed rate of increase in wage and salary rates	1.80	1.80%
Discount rate	0.75	0.80%

Superannuation Plans

Contributions

The company is under a legal obligation to contribute 9.50% (10% from 1 July 2021) of each employee's base salary to a superannuation fund.

Recognition and Measurement

Wages and Salaries, Annual Leave and Sick Leave

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in other payables with respect to employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and measured at the rates paid or payable.

Long Service Leave

The provision for employee benefits relating to long service leave represents the present value of the estimated future cash outflows to be made resulting from employees' services provided to reporting date.

The St George Masonic Club Ltd
Notes to the Financial Statements
For the Year Ended 31 March 2021

9 Employee Benefits (continued)

The provision is calculated using expected future increases in wage and salary rates including related on-costs and expected settlement dates based on turnover history and is discounted using the market yields on corporate bonds at reporting date which most closely match the terms of maturity with the expected timing of cash flows. The unwinding of the discount is treated as long service leave expense.

Superannuation Plan

The company contributes to several defined contribution superannuation plans. Contributions are recognised as an expense as they are made. The company has no legal or constructive obligation to fund any deficit

Key Estimate and Judgement: Long Service Leave Provision

The liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect to all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

10 Key Management Personnel Details

(a) Directors

The following persons were non-executive directors of the company during the financial year:

Kenneth R Tildsley

The St George Masonic Club Ltd

Notes to the Financial Statements

For the Year Ended 31 March 2021

11 Company Details

The Club is incorporated and domiciled in Australia as a company limited by guarantee. At 31 March 2021 there were 5,986 members.

In accordance with the Constitution of the company, every member of the company undertakes to contribute an amount limited to \$2 per member in the event of the winding up of the company during the time that he is a member or within one year thereafter.

The registered office of the company is 86 Roberts Avenue, Mortdale NSW 2223.

12 Events Subsequent to Reporting Date

There are no matters or circumstances that have arisen since the end of the financial year that have significantly affected or may significantly affect the operations of the company, the results of those operations or the state of affairs of the company in future financial years.

13 Summary of Other Significant Accounting Policies

The other principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

The net amount of GST recoverable from, or payable to, the Australian Taxation Office is included as a current asset or liability in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the Australian Taxation Office.

(b) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(c) Customer Loyalty Program

The company operates a loyalty program where customers accumulated points for dollars spent. The award points are recognised as a separately identifiable component of the initial sale transaction, by allocating the fair value of the consideration received between the award points and the other components of the sale that the award points are recognised at their fair value. Revenue from the award points is recognised when the points are redeemed. The amount of revenue is based on the number of points redeemed relative to the total number expected to be redeemed.
